RESOLUTIONS OF RESPECT.

MT. VERNON CHAPTER NO. 140
R. A. M.

At a regular convocation of Mt. Vernon Chapter No. 140 R. A. M., the following resolutions were adopted:

WHEREAS, The Grand Master of the Universe having been pleased to call from earthly labor to eternal refreshments our beloved brother Willis Griffin, on the 30th day of Oct. 1907, who during the long period that he was a member of this chapter so endeared himself to us by his courtesy and affability that his memory will ever be cherished in our hearts.

Companion Willis Griffin was born in 1832, near Mt. Vernon, Kentucky, where he had lived nearly all his life. He was exalted to the August degree of a Royal Arch Mason in the year 1866, at Stanford, Ky. Was a charter member of Mt. Vernon Chapter No. 140,

R. A. M. organized in Mt. Vernon, Ky., in the year 1900, and was the first King of this Chapter; and since that time filled many of its important offices; therefore, be it

RESOLVED, That in this bereavement this Chapter is deprived of an active and painstaking member who was thoroughly imbued with the precepts and principles of our order; who invincible in a life marked by integrity and upright, the cardinal Masonic virtues, and presented not only to his companions but to the community an example and an inspiration to better deeds.

RESOLVED, That bowing as we do in humble submission to the Divine will, we mourn the loss of an efficient and earnest companion, a devoted adherent of Freemasonry, a faithful friend whose daily life so clearly reflected the fundamental truths and tenets of our fraternity.

RESOLVED, That we sincerely, deeply and affectionately sympathize

with his afflicted family, relatives and friends in their sorrow, reminding them that He who tempests the wind to the shorn lamb looks down with infinite compassion upon them in the hour of desolation.

RESOLVED, That a copy of these resolutions be sent to the family of our deceased companion and spread in full upon the minutes of our Chapter, and published in the MT. VERNON SIGNAL.

Ordered done at a regular stated convocation. This Nov. 11, 1907.

AUGUSTUS E. WILSON.

Augustus E. Wilson, Kentucky's republican governor elect, was born in Maysville, Oct. 13, 1847. He is a son of the late Hiram Wilson and Ann Colvin Ennis. Both parents were of New England origin, the father having been born in Windsor, Vt., and the mother in Westbury, R. I. They settled in Maysville in the '30s. Mr. Willson received his early education in the Alfred Academy in Western New York and after a preparatory course entered Harvard University. He is a graduate of the university and of Harvard Law School, class of '69. Immediately after leaving college he came to Louisville and entered the law office of Judge John M. Harlan, now Justice of the Supreme Court of the United States. For many years he was Judge Harlan's law partner and was associated with him in many prominent legal cases. Since Justice Harlan has been in Washington Mr. Willson has practiced almost exclusively in the United States court. Recently he formed a law partnership with Judge William G. Dearing and Arthur E. Hopkins. The firm occupies a suite of handsome offices on the seventh floor of the new Paul Jones building.

Mr. Wilson has always been an earnest republican, as he said in his campaign speeches, "I hollard for Fremont in '56." In many Kentucky and national political

campaigns he has been prominent. He took the stump for Judge Harlan in the latter's race for the governorship and years later in the Harrison, McKinley and Roosevelt political campaigns. He was nominated and defeated three times for Congress in the Louisville district in the years 1884, 1888 and 1902, then hopelessly democratic, and succeeded in cutting down the democratic majority each time. In 1886 he was nominated for Congress and was elected by a majority of 67 votes, but was counted out by a change of ballots in one precinct in the 10th ward and at Fisherville, which gave his opponent a majority of 142.

In 1887 Mr. Wilson married Miss Mary Ekin, daughter of Gen. James A. Ekin, of Louisville. Mr. and Mrs. Wilson have no children, one boy, having died in infancy. Mr. Wilson was a delegate to the National Convention of 1884, 1888, 1892 and 1904. He is the first Harvard governor of Kentucky. Louisville Herald.

There is nothing better for stomach troubles than KODOL, which contains the same juices as found in a healthy stomach. Kodol is offered on a guaranteed plan for the relief of heart burn, flatulence, sour stomach, belching gas, nausea, and all stomach troubles. So at times when you don't feel just right, when you are drowsy after meals, and your head aches or when you have no ambition, and you are cross and irritable, take a little KODOL. It digests what you eat. It will make you healthy. Sold by Chas. C. Davis.

The tobacco buyers of Owensboro have signed a request to growers not to deliver tobacco in Owensboro before December 16. It is stated in the request that currency to make settlements cannot be obtained before that date. It is thought that this move will put an end to the trouble that has been brewing and giving the factions a get together.

DeWitt's Carbonized Witch Hazel Salve penetrates the pores—thoroughly cleanses—and is healing and soothing. Good for piles. Sold by Chas. C. Davis.

QUAIL.

Eld. J. L. Davis filled his regular appointment at Providence Sunday and a large crowd was present. The singing school at Providence is progressing nicely with a Mr. Colson as teacher. The residence of J. W. Proctor was burned Sunday night last. There was scarcely anything saved, with no insurance. Loss about \$1,000.—Mrs. Martin Owens still remains very feeble.—Mrs. A. L. Stringer, who has been very sick, remains about as usual.—Mrs. G. W. Parsons still remains in very poor health.—E. A. Herrin continues about the same.—William Owens and Jacob Elder will teach a singing school at Livingston.—H. G. Sutton has added to his house a new coat of paint.—Mrs. J. F. Watson, of Brodhead, is attending the bedside of her mother, Mrs. Martin Owens.—Elmer Scott and Mr. Logsdon have returned from Indiana. Mr. Logsdon reports a pleasant trip to the West.—Corn gathering is the order of the day.

THE GREATEST DANGER.

According to Mr. Carnegie, the very gravest of the dangers that beset young men who aim at success in business is the habit of intoxicating liquors. He says in his book, "The Empire of Business."

"The first and most seductive peril, and the destroyer of most young men, is the drinking of liquor. I am no temperance lecturer in disguise, but a man who knows and tells you what observation has proved to him; and I say to you that you are more likely to fail in your career from acquiring the habit of drinking liquor than from any or all of the other temptations likely to assail you. You may yield to almost any other temptation, and reform—may brace up, and, if not recover lost ground, at least remain in the race, and secure and maintain a respectable position. But from the insane thirst for liquor escape is almost impossible. I have known but few exceptions to the rule."

PROUD OF CROPS.

The question is asked by a Chicago Newspaper, Why not be proud of the great crops that are being raised this year on the farms? Of course the farmers are proud of their crops, and the tradesmen are proud of them; and the merchants rejoice and the manufacturers are glad. Proud of the great crops? Certainly. It is strange that one should ask such a question.

The crops are bumper ones this year. They will surpass those of 1906 by several millions in value. And the crop of last year was no small one—certainly not one to be ashamed of.

In all the world there is no country where such great varied and valuable crops are produced as on the American farms. Markets are near every acre of this land. The railroads absorb the surplus and transport it to the market centers of the country or the world. And that which is left behind will not be sold for a cent less than what it could be sold for farther away; or, putting it in another way, nothing will be shipped away for less than it will bring at home. In other words good prices prevail everywhere. The good crop means an abundance of distributed new wealth.

The insistence on knowing what is in the sausage or canned mince pie has not yet subsided. A lot of people who have had spasms over the packing house revelations might not feel so touchy about the subject if the limelin could shed a few rays into their own kitchens. But one's own slack ways are not near so censurable as those the other fellow is guilty of.

Having sold my stock of good at Orlando, all parties owing accounts to me must call and settle same at once, either by cash or note. I must wind up the business and you will do me a great favor by responding promptly to this call.

J. A. Wood.

OUR BOOK TABLE.

Received with compliments of the American Book Company, just issued, is a book containing the best prose and political writings of Oliver Goldsmith—"The Vicar of Wakefield" and "The Deserted Village."

This volume is one of a series of English Classics published by the American Book Company and designed for students of English, and especially to aid in preparing them for college entrance. It is no longer considered sufficient for pupils to read the fragments of literature contained in the best of school readers, to study a little grammar, and to learn a few rules of rhetoric, as a preparation for their college course in English. It is conceded that a language is best acquired by means of its literature, and by studying complete productions rather than abridged selections. In no other way can the cumulative culture and living experience of the race of the race be brought into the consciousness of the new generation and impress upon the character of the young the currents of thought that have constantly moved forward men's ideals and influenced their lives, their deeds and their accomplishments. We commend this volume of gateway series to young students, price 45c.

This is indeed a busy age, remorseless in its incessant calls upon even our leisure hours. The art of making haste slowly has been lost in the bustling turmoil, and nothing equivalent has been gained. Still, we may if we wish—the busiest of us—make for ourselves tiny oases in the desert of labor—green resting places where we may drink of the waters of refreshment.

Aguinaldo, formerly the leader of the Filipino insurgents, was a guest at the functions given in honor of Secretary of War Taft at Manila. He expressed his belief that the Secretary's visit would be productive of much good.

DeWitt's Little Early Risers are the best pills made. They do not gripe. Sold by Chas. C. Davis.

ANNOUNCEMENTS

We are authorized to announce G. T. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

"The Mt. Vernon Signal has joined the Courier-Journal in its fight on Gov. Beckham. These great publications may defeat the Democratic nominee for the U. S. Senate but the aspect presented by them in attempting to thwart the will of the Democracy is anything but creditable."—Interior Journal. "Consistency thou art a jewel!" Brer. Wilton, but we are led to believe that the loyalty which our Lincoln county friend, has all along the line, displayed toward Gov. Beckham is not the result of a personal sincerity characterized to command the applause of an admiring people.

The fifth trial of Caleb Powers is now on at Georgetown, and it is certainly to be hoped that this will be the last. If Powers is innocent let him go free, and if he is guilty, let him have his just reward in proportion to the crime committed. But whatever the result may be, we do hope that the end is close at hand and the question of guilt or innocence of Caleb Powers, no longer a disturbing influence among our people.

THE FARMER PAYS

Our Tax System Has Increased His Burden.

Figures That Show Farm Property Pays More Than Its Fair Proportion of State Revenue.

When the last constitutional convention in Kentucky drew up the present organic law of the state, it found existing throughout the state a general feeling of dissatisfaction, because through the faulty administration of the old revenue law one exemption after another had crept in until the old system was full of inequalities. The convention desired to perfect a tax system which, it believed, would secure absolute uniformity in the burden of taxes. It, therefore, inserted in the constitution section 171, which says that taxes shall be uniform upon all classes of property within the territorial limits of the authority levying the tax. This was done in the belief that uniformity of method would produce a uniformity of result and of burden.

It was urged in behalf of this proposed section that it was demanded in justice to the farmer, in order that, since his property was of a visible and tangible nature and could not escape assessment, all other property should be put in the same boat.

No one ever disputed that this ought to be done. The only dispute was as to whether or not it could be done by this method. It was contended that certain classes of property, which were of a kind that could be concealed, would escape assessment and taxation if the burden of taxation put upon them was too heavy, and that the result would be that the real estate and such visible personal property as the farmer's live stock and the merchant's goods and the householder's furniture would bear an undue proportion of the burden of raising the public revenue.

But the general property tax was imbedded in our constitution, and we have been trying it harder than ever for the sixteen years that have elapsed since the constitution was adopted, and it has proved anything but uniform and has not served to distribute the burden of taxation equally. Under this system, a great deal of property in our cities escapes taxation. In spite of the activity of auditor's agents, much of it is not brought to light. The consequence of this is that an unfair burden of the support of the state falls upon those who own property that can not be hidden away, and these people are chiefly the farmers.

The farmer pays more tax on personal property in proportion to real estate than does the city man under the present system. In the five counties in the state which contain all the cities of the first and second classes—Jefferson, Kenton, Campbell, Fayette and McCracken, the assessed personal property is 20 per cent of the total assessment. In the rest of the state it is 24 per cent of the total assessment.

The five counties named, which may be called urban counties, contain 36.62 per cent of all the realty in the state and assess only 31 per cent of all the personalty.

The amount of money, bonds, accounts and similar personalty, assessed by these counties, is less than 7 per cent of their total assessment. In the rest of the state the amount of such property assessed is nearly 11 per cent of the total. Manifestly, it is true that the man in the country does not find it so easy to conceal his personal property, and he has not the incentive furnished by a high tax rate to conceal it.

In the county of Jefferson, containing the city of Louisville, personalty is 22.5 per cent of the total assessment. In Kenton county, containing the city of Covington, personalty is 11.2 per cent of the total; in Campbell, with the city of Newport, it is 16 per cent. Fayette county, with Lexington, does better, its personalty being 24 per cent of the total, but it is well known that the rural portions of Fayette county contain an amount of wealth unusual in any agricultural community.

On the other hand, take the following counties, which are distinctly agricultural, and note how much larger the percentage of personalty than in the strictly urban counties:

Garrard county 25 per cent
Allen county 26 per cent
Marion county 30.5 per cent
Adair county 31 per cent
Knott county 33.6 per cent
Monroe county 36 per cent

Through the entire state the rule generally holds and where the contrast is not so marked, the exceptions will generally be found due to unusually high valuation of farm lands.

Who Pays the Freight?
There is still another way of ascertaining that the present system does not make things easier for the farmer. For the year 1906 the assessment of the state divides itself as follows:

Per Cent
Farm lands 43
Farmer's personalty (live stock, implements, etc.) 7.1
Moneys, etc., assessed to farmers 2.6

Total for farmers 52.7
Town lots 32.5
Town personalty 14.8
Total town property 47.3

In arriving at the percentage of moneys, etc., set down as given by farmers for taxation, only that given in by counties having no town larger than the sixth class is included, and a small percentage of this character of personalty given in by counties having larger towns and yet distinctly agricultural. The figures probably are under, rather than over the mark. Farm property, therefore, by a conservative estimate pays nearly 53 per cent of the state taxes exclusive of franchise taxes, while town property pays only about 47 per cent. Of this state revenue collected by the sheriffs of the state from assessors' lists, 43 1/2 per cent is paid by farm lands, 34 per cent by town lots, about 9 1/2 per cent by money and securities, about 7 1/2 per cent by live stock and farmer's implements, etc., and 6 per cent by other personalty. It is time the Kentucky farmer realized that the present system bears heavily upon him. Equivalent to 10 Per Cent Income Tax.

The tax commission of the state of California has this to say about the operation of the general property tax on farmers in that state:
"The taxes paid by farmers in California are equivalent to an income tax of 10 per cent. This is in contrast to many other industries; for example, the taxes paid by manufacturers, which amount only to 2 per cent on income. The persons engaged in agriculture, with an average yearly income of about \$500, pay \$50 per capita per annum in taxes. The persons engaged in manufactures, with an average annual income of \$570, pay \$17.50 per capita per annum."
The California system here denounced is the same that we have in Kentucky, and from which the legislature can afford us no relief without a change of the constitution.

FARMERS IN MANY STATES WANT RELIEF FROM UNFAIR TAXATION.

Constitutional amendments are being given thorough attention by farmers of the country. In Ohio, Hon. F. A. Dorthick, master of the State Grange, in discussing a proposition to permit of classification of the sources of tax revenue, said:

"There is a common ground upon which we can all stand. We must have an increasing amount of revenue, and that means a more just return of the property in the state. Where is the injustice of laying a reasonable tax on the deposits reported by the banks of the state, the same to be charged to depositors? True, not all depositors are residents of Ohio, but they enjoy the protection of our laws and in large measure draw their interest from our people.

"This could, at least, be done with resident depositors and they would be relieved from the temptation to commit the crime of perjury."

The Kentucky Grange.

The Kentucky State Grange had this same subject before it at the meeting held in Frankfort October 21 to 23, 1907. Mr. F. P. Wolcott, Master of the State Grange, discussed the question in a very interesting manner, as follows:

"The order has been most active in behalf of the just regulation of taxation, recognizing that the farmer is losing more from our present system and has more to gain from the establishment of a just and equitable system of taxation than has any other class of citizens. The order in representing the agricultural class, always endeavors to be fair and honorable with all other interests, and has the right to demand like treatment in return. In nearly every state in the Union the cry has been loud against unjust revenue laws, and steps are being taken to remedy the evils.

"Various State Granges have, by their action, declared it wrong to levy

state into the organic laws of a state any provision which shall exempt from taxation property aggregating vast sums, in the possession of the wealthy, and often kept by them invisible, thus leaving the small holders of the masses of people of moderate means to bear the burden of doubled taxation.

"The present constitution of Kentucky binds us to the general property tax—that is, to the system of levying the same tax upon all classes of property for all purposes. There should be an amendment to our constitution which will allow the legislature to separate the sources of revenue—that is, to raise the state revenue from certain classes of property leaving other classes of property to be taxed for local purposes only.

"It has been argued by some that this would throw too much power into the hands of the legislature. Should such an amendment prevail, then would it devolve upon the voters of the state to pay stricter attention to the selection of their representatives than has obtained in the past in both city and country.

"The Kentucky State Development association and other organizations have honored the Grange by placing upon its joint committee on taxation, a member of this order as representative of the agricultural interests of the state, and it is important that the views and demands of the farmers be clearly defined at this state session. It is recommended that this body promptly and emphatically take action in favor of just and equitable revenue laws, and for the establishment of an official tax commission, to be composed of five members—four representing respectively the great industries, agriculture, manufacturing, mining and commerce, and a fifth member, noted for the highest integrity and for superior legal ability.

TAX CONFERENCE

Students of National Farm Will Discuss Taxation at Columbus.

In response to a call in August by Governor Harris of Ohio, there will be held in Columbus, Ohio, November 12, a national conference of the National Tax association. Delegates have been appointed to this meeting by the governors of all the states, and it will, in addition, be attended by many tax experts from all over the country. The discussions will take a wide range, covering every phase of the question of taxation.

Such a gathering as that which is to be held in Columbus will result in disseminating a great deal of information on the subject of methods of taxation and is bound to stimulate still further the interest in this reform. Governor Beckham has appointed three gentlemen to represent the state of Kentucky. It is very much to be hoped that they will attend, as Kentucky has as great an interest as any other state in this question and very much greater interest than some other states that have made more progress than we have toward a better tax system.

The purpose of the conferences are thus announced:

To secure an authoritative and an exhaustive discussion of the subject of state and local taxation in all of its details.

To produce a volume of proceedings containing the best thought of those who, by reason of their special educational training and practical experience, are qualified to speak with authority upon the special branch of the subject they may elect to discuss.

To furnish to the members of the legislatures of the several states a concrete, up-to-date statement of the economic and business principles that should be applied in state and local tax legislation, to be used as a guide for their action when considering proposals to improve the tax laws of their respective states and in the administration of the same.

By this means to secure the application of correct economic and business principles in all tax legislation, and thus develop a high degree of uniformity in the tax laws of the several states.

By securing uniformity in state tax laws, to eliminate the evil of changes in legal residence and in the location of business undertakings induced by differences in state tax laws, and to create conditions of high value in aid of the effective and economical management of the financial affairs of all state and local governments.

The following partial list of papers and their authors shows that the discussions at this conference of the many branches of the subject of state and local taxation will command the attention of the intelligent public throughout the country.

This report is untrue and we have it direct from the treasurer of the company, that the car will run this month and every other month in the future, just as it always has in the past. The only difference, it will be five or six days late this month.

One would hardly recognize the property on West Main, known as the Carter property, since the improvements which the new owners, Dr. Lovell, Judge Bethurum and Cashier Salin have made. The old fence has been torn away and supplied with a new and more up-to-date one, the embankment facing the street and almost hiding the residence, from the West side, has all been graded down, and the sidewalk which had long since been a horror to travelers, has been widened from about three or four feet to seven. Upon the whole, we know of no improvement which has added to the looks of the town more than this one, and we desire to commend these three gentlemen for the spirit of improving which they have thus manifested. Would that others may profit by their good example.

A Corbin, Ky., dispatch of last Friday's date says:—Fire broke out at midnight in Griffin & Cook's saloon on Florence avenue and swept the street in both directions, burning every building from the Center street corner to the Wilbur Hotel. Nine saloons in this row, two residences, dry goods store, jewelry shop, four restaurants, and three barber shops were burned. The post office building was saved. The L. & N. depot barely escaped. Hotel Corbin, the First National Bank and a cafe, all brick, were badly damaged. The loss is estimated at \$100,000. Griffin & Cook began the erection of a new building this morning. The saloons have one more month to run. The origin of the fire is unknown.

Santo, Texas, Nov. 6, 1907
EDITOR SIGNAL:—
It is with a sad heart that I chronicle the death of Mrs. Mahala Jane Chestnut, wife of T. F. Chestnut.

She was a daughter of Colby H. ley; was born in Rockcastle county, Ky., Oct. 24th 1856; died Oct. 21st 1907; been married 34 years and is the mother of nine children, six boys and three girls, all living. Her sickness was brought on by Bright's disease and stomach trouble. She had been a member of the Church of Christ for 36 years, and died in full assurance of a reward in heaven. All was done for her that loving hands, with the aid of fairly good doctors could do, but we had to submit to Him who doeth all things well. She had been in bad health for four years, and confined to her bed most all the time for two years.

We weep not as those who have no hope; fully believing we will meet again in the sweet bye and bye. To her children I would say: Be obedient to God's will and be prepared to meet your mother in a better world where parting will be no more.

Written by her son-in-law.
W. M. TAYLOR.

THE MAN WHO FITS IN makes himself most valuable to his employer. He acquires an understanding of things around him, and adapts himself to all circumstances. He can take off his coat and go to work anywhere at any time.

A new place is as comfortable for him as an old one, and a change in position does materially lessen his usefulness. New management, new systems new methods are barriers easily overridden by the man

who fits in.
Take the oyster away from the spot of its nativity, change its environment ever ever so little, and it will die. The water must be of a certain density, or the oyster cannot survive. A giraffe, crouched in the catacombs of Rome, would be a sorry spectacle.

Do not be an oyster or a giraffe. Learn rather to adapt yourself to condition.

The kind of a man who gets the best job is the one with an amoeoid disposition. His adaptability is his stock in trade, and his chief asset in his power to mingle.

Meet your fellow-employees on the same ground. Spurn familiarity but in a dignified way, be a genuine mixer.

Be useful everywhere—be a man who fits in.—Louisville Times.

In order that the Sixth State Development Convention may not lack entertainment features of a lighter variety, a banquet will be given on the night of Thursday November 21, the last night of the meeting. This will be tendered by the citizens of Louisville to the delegates, and it is promised that no more attractive entertainment could be offered than the one under process of preparation.

The banquet will be given in the large dining room of the Galt House, the meeting place of the convention, and besides excellent food, a programme of special attractiveness is under discussion. All possible provision for the comfort and pleasure of the guests will be made.

Another evening session of the convention will be devoted to a reception by the members of the Louisville Commercial Club to the delegates. Receptions by that organization have been tendered many times in the past to distinguished gatherings, and are famed for their informality, and the pleas ure they give.

This arrangement, made by W. A. Russell, chairman of the Transportation Committee, is considered best for the delegates, and will leave a good margin for those who do not care to rush home at the close of the convention. Under this dispensation of the railroads all Kentuckians interested in the

progress of the state should go to Louisville during the convention as delegates or otherwise, and lend a hand on the upbuilding of the Commonwealth.

The convention will be held at the Galt House, and it is said that the programme that has been prepared is the best ever gotten together for a similar meeting.

PRINTED BY REQUEST.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming Back-ache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst form of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for any persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October, of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

The Sunday-closing laws were enforced in extreme fashion at Nashville by order of Mayor Brown who threatened the police force with dismissal if failed to comply. Twenty-five arrests were made, including a wholesale merchant, who was found in his office reading mail. Bootblacks were put out of business. Only soda fountains and cigar stands were allowed to remain open.

Most people know that if they have been sick they need **Scott's Emulsion** to bring back health and strength.

But the strongest point about **Scott's Emulsion** is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

THURSDAY NOVEMBER 14.

This is the 318 day of the year. This morning Mercury will be in transit across the sun's disk, beginning before sunrise and making his external contact at egress at 8:51 a. m. This transit nearly coincides with the time aspect with Saturn and the quartile of Mercury with Mars. The whole earth is affected and a great storm may soon be looked for. In addition the peace of the United Kingdom is threatened. There will be serious disturbance on the continent and in a Southern British colony.

Mercury and Uranus are in benefic aspect with the moon, which is nine days old. The conjunction is highly favorable for journeys begun or consummated on this day.

A most auspicious day to seek the advice of scientist, particularly men learned in chemistry, electricity and astronomy. Advice of value will be obtained.

Those whose birth date this is will change or travel. Men will have a good business year if they avoid the menace of quarrel. Women must beware of accident in alighting from vehicles. Young widows will get offers of marriage. The girl born to day will be very quick and learn almost anything. The forecast is that she will marry an elderly widower and live happy with him.

The boy born to-day will be highly fortunate in business, and will also hold a high and profitable public office.

"Among things that will be remembered in connection with the late campaign is when Taft came to Lexington to defend Roosevelt for his adoption of Democratic ideas it was not convenient for Mr. Wilson to be there, but when Vice President Fairbanks came to Kentucky to represent political shams and trusts, Mr. Wilson chaperoned him across the State, remarks the sagacious Somerset Journal." Early in the action the State Journal saw the trend of sentiment of the leaders and told the Louisville Post and Marshal Bullitt that they were gnawing a file in virgin Taft for the Presidency. He hasn't a chance on his life to get the vote of Kentucky. It has been promised to the iceberg of Indian and he has as good as got it in his inside pocket.—State Journal.

A SIGNIFICANT PRAYER.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time. Best on earth for sore-burns and wounds. 25c. at Chas. C. Davis drug store.

Besides all the arrangements that have been made for the benefit intellectually and physically for the delegates to the Sixth Kentucky State Development Convention, all railroads in Kentucky have agreed upon rates of one fare for the round trip. Tickets will be on sale November 17, 18 and 19, and will be good returning until Nov. 23.

A HARD DEBT TO PAY.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The minous dry, hacking cough quit before the first bottle was used, and 40 more bottles a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by Chas. C. Davis druggist, 50c and \$1.00. Trial bottle free.

How to Cure Your Piles

If sufferers from piles and rectal diseases would first try a reliable laxative like Dr. Caldwell's Syrup Pepsin instead of using external salves and suppositories, or having an operation performed, they would save themselves a world of trouble, expense and pain. The reason is that in nine cases out of ten piles are the result of habitual constipation, and when once the constipation is thoroughly cured the piles disappear.

Piles are to constipation what pimples are to bad blood, simply an outward symptom. And just as face lotions aren't half as good for pimples as a good blood medicine, so salves and suppositories aren't half as good for piles as a reliable laxative like Dr. Caldwell's Syrup Pepsin. A 50 cent or \$1 bottle will prove these claims. Hundreds of people have written us that Dr. Caldwell's Syrup Pepsin is the best pile cure they know of and it is surely worth a trial from you. Not only will it cure the piles but it will permanently correct bowel trouble so that you will have regular movements. It will tone the stomach and make digestion easy for you. Dr. Caldwell's Syrup Pepsin is the best remedy for constipation, dyspepsia, biliousness, flatulency, and all resultant troubles, such as piles arising from disordered stomach, liver or bowels. Its gentle action and pleasant taste make it especially suited to children and all who are too weak to stand purgative waters, salts and gripping powders and tablets. A physician is not what pile sufferers need, but steady, easy bowel movements, and these can be obtained by the use of this wonderful remedy. It brings about a permanent home cure at a minimum of expense.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying, can send to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never tried it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get best results from children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as Dr. Caldwell's Syrup Pepsin." This product is guaranteed No. 17, Washington, D. C.

HE FOUGHT AT GETTYSBURG.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg writes: "Electric bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weakness. Great alternative and body builder. Best of all for lame back and weak kidneys. Guaranteed by Chas. C. Davis druggist, 50c.

Young men are so blind to their future interests that they never admire the girl at a picnic who stays and helps the old folks clean up the dishes and repack the baskets as much as they admire the snippy girl who walks off as soon as she has had all she can eat.

You can't be well if you have a weak, unhealthy, tired out stomach. Neither can you feel good if by some little irregularity in eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may and very often does turn into a very bad case of dyspepsia. Don't allow this to go on a single day without doing something to overcome it. Take some good reliable and safe digestant like Kodol, for Dyspepsia. Kodol is the best remedy known to-day for heart burn, belching and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. Sold by Chas. C. Davis.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun-nelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.
